- (K) Nuts(30)
- (L) Screw Bolts(30)
- (M) Wrench(1)
- (N) Hex Head Screws(8)
- (O) Hex Head Screwdriver(1)

### Step 1:

Assemble the base (A) (B) & (C) using the 8 (N) screws and lock in place with (O)

### Step 2:

Lower the tub basin (D) onto the assembled stand.

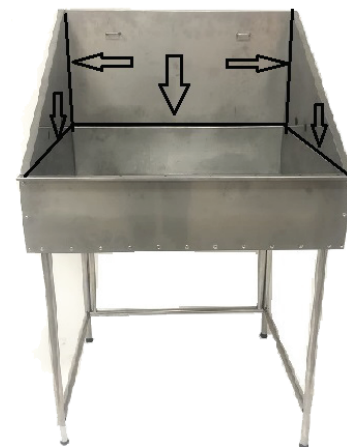

### Step 3:

After the tub basin is placed, first lock (E) the tub back board, use the screws (K) & (L) to lock half first, and then lock the tub back board with the screws (M).

### Step 4:

Place tub side boards (F) flat side facing towards inside of tub. Then tighten all screws

### Step 5:

Seams maybe be sealed with silicone to prevent leakage. Use (I) and (J).

### Step 6:

Place accessories (G) & (H)
